COMMERCIAL GAS OUTLET

M.B. Sturgis has partnered with the NYC Department of Buildings to develop a Commercial Grade Gas Convenience Outlet created specifically for connecting outdoor gas appliances such as heaters and grills to an outdoor gas line permanently installed in sidewalks or floors. The commercial gas outlet allows the user to quickly connect and disconnect gas appliances and provides a flush surface to the floor when not in use. The commercial gas outlet vault adheres to the most stringent demands put forth in the NYC Building Codes and is certified through CSA to ANSI Z21.90. For more information please visit our web site at WWW.MBSTURGIS.COM or contact us at (888) 291-6665.
